# Azlan Jamshed

Phone: 6388186900 | Email: azlanjamsh@gmail.com | Nadia, West Bengal

## Summary

Web Developer with hands-on experience in both frontend and backend technologies, specializing in creating responsive and intuitive user interfaces. Strong proficiency in JavaScript, React, HTML5, and CSS3, with working knowledge of Node.js and Express for API development. Committed to continuous learning, problem-solving, and delivering high-quality user experiences.

## Skills-

**Programming Language:** Python, Java Script,Java
**Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS
**Backend:** Node Js., Express, RESTful APIs
**Database:** MongoDB
**Version Control & Tools:** Git, GitHub, VS Code, Chrome DevTools, Postman
**Soft Skills:** Problem-solving, Debugging, Team Collaboration, Communication, Fast Learner

## Experience-

Frontend Developer (with Backend Exposure) — Gen2De(General Developer and Designer)

- Developed responsive user interfaces using **React.js** and **Tailwind CSS**.
- Contributed to backend development using **Node.js**, **Express.js**, and **MongoDB** for basic CRUD operations.
- Integrated REST APIs with frontend components for dynamic data handling.
- Used **Git and GitHub** for version control and team collaboration.
- Collaborated with the team using **Git/GitHub** and followed clean coding standards.
- Improved performance, usability, and cross-device compatibility.

Frontend Developer— Elix

- Developed responsive user interfaces using **React.js** and **Tailwind CSS**.
- Integrated REST APIs for dynamic content and data handling
- Assisted in backend development using Node.js, Express.js, and MongoDB (CRUD operations).
- Managed code using **Git and GitHub** in a collaborative environment.
- Enhanced performance and ensured responsive design across devices.

## Projects-

1. **Global Service and Legal Associates Website** – *React, Tailwind CSS*
   - Developed a professional website for a law & consultancy firm.
   - Created a responsive layout with optimized performance and user-friendly navigation.

2. **MAKAUT Football Club (MFC) Website** – *React, Tailwind CSS*
   - Developed a frontend-only website for the university football club featuring team profiles, match schedules, and score updates.
   - Used manually maintained JSON data to update scores, player details, and event information.
   - Designed a clean, sports-themed UI with responsive layouts for seamless viewing across devices.

3. **School Management System(MERN)-in progress**
   - Developing a full-stack web application using MongoDB, Express.js, React.js, and Node.js.
   - Building responsive frontend interfaces using React and Tailwind CSS.
   - Creating backend APIs with Node.js and Express.js for handling student and admin data.
   - Working on CRUD operations and integrating APIs with frontend components.
   - Following component-based architecture and ensuring scalable code structure.

## Education-

- B.Sc. I.T. (Currently Pursuing)
  Maulana Abul Kalam Azad University of Technology | Nadia, W.B.

## Languages-
